

13 Rodney Hunt

01. The Client

Ever since its inception in the year 1840, Rodney Hunt continued to be the leader in the production of cast and fabricated gates. During their 179 years of existence, the company has overcome many challenges including a civil war, two world wars, the great depression, two devastating floods and a fire. Rodney Hunt offers a wide range of products including cast-iron gates, fabricated gates, heavy fabricated gates, knife gate valves and flap gates.

02. The Requirement

Rodney Hunt desired to update their website with a new look and feel that matches their legacy and the industry they are in.

03. The Solution

Our team developed a modern, responsive website using the popular CMS platform WordPress, with a state of the art UX driven interfaces, and an identity that suits the unique profile and industry of the company.

04. Features

Easy navigation

The simple and clean navigation helps visitors of the website to navigate to any part of the website, hassle-free. The menu features the list of all the products offered by Rodney hunt to help the readers. The tab menu used in inner pages helps the readers to have an uninterrupted experience by avoiding the need to navigate into multiple pages.

Make use of CMS

The solution is developed based on the popular Content Management System, WordPress. WordPress can handle various types of content flawlessly and, it is easier to update the content of the website from the dashboard.

Simple yet descriptive design

The solution features a simple yet descriptive design that helps to improve the appeal and readability of the website.

04. Features

Homepage

A responsive slider is used as a header to showcase the strength of the industry leader. The homepage utilizes a unique design that gives importance to text and images and it helps Rodney Hunt to exhibit their service, products and past works well in front of the visitors.

Mobile-first design

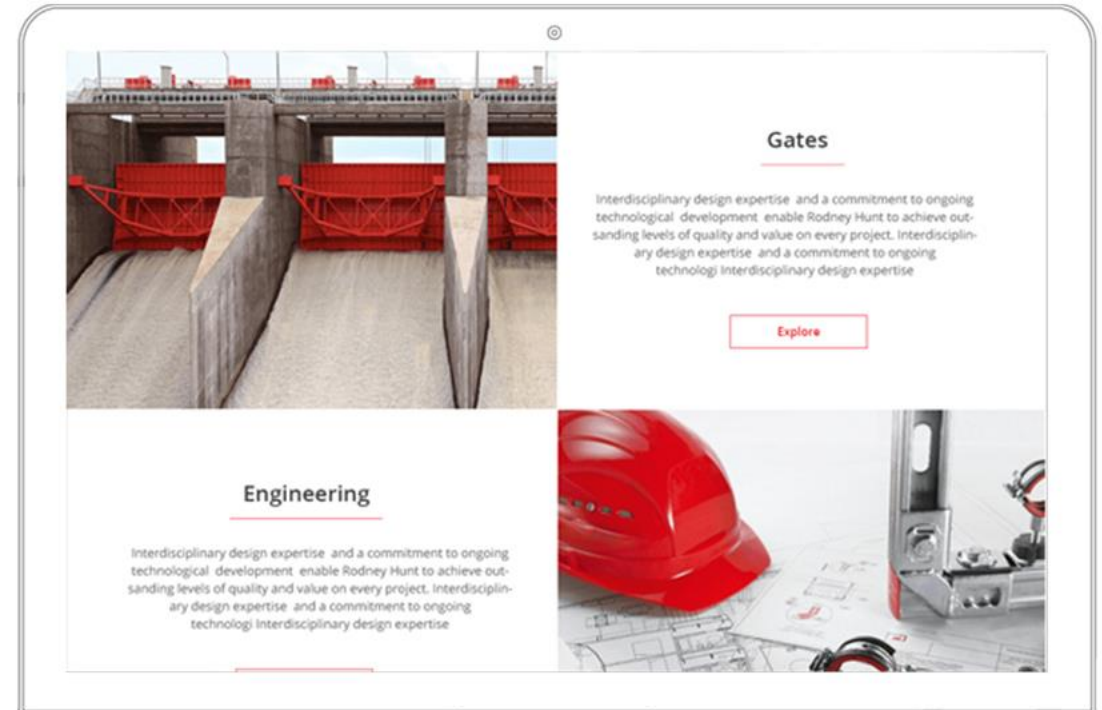

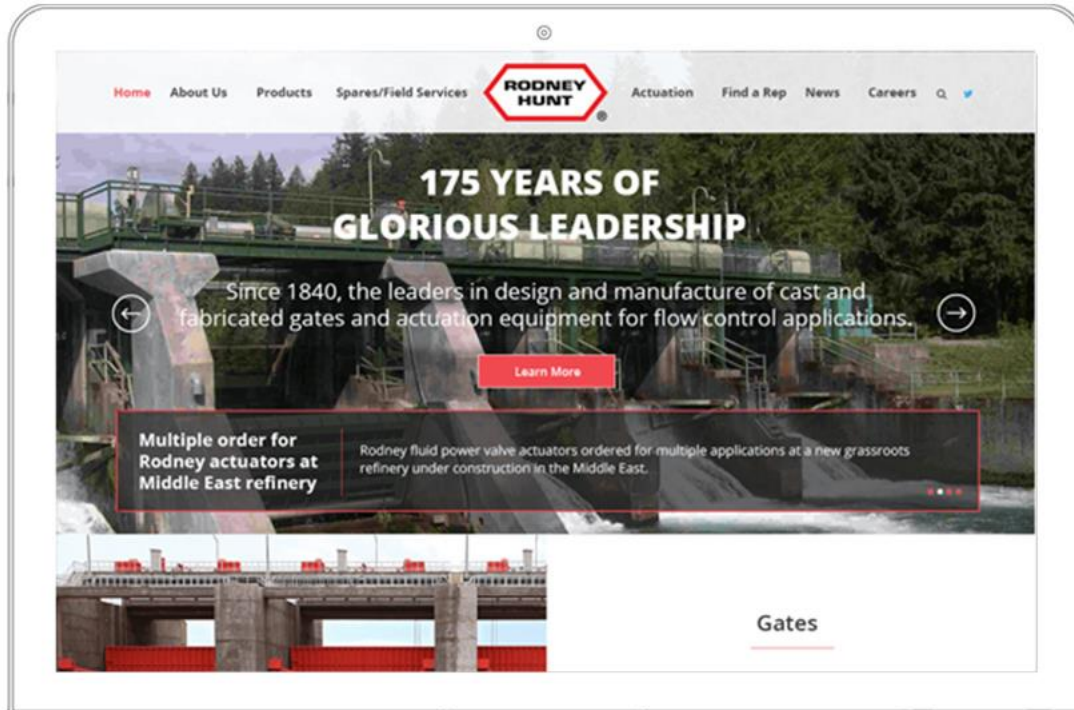

The mobile-first design has helped the new website to render perfectly on screens of all sizes.

Tab menu

The new design makes use of tab menus to offer an uninterrupted reading experience. As a result, visitors do not have to navigate into multiple pages, saving them time and effort.
